GOV. TENER TO HAVE A CLUB BILL DRAFTED

Chief Executive to Seek Legislation on Subject

OPTION FIGHT COMING

Bill to Be Taken Up Next Week--Billy Sunday to Visit Governor

Harrisburg, Feb. 8—It is announced that Governor Tener will have a bill drawn up requiring the application for a club license by the various clubs that dispense liquor. The bills introduced by the Judson and Scott in the senate and house respectively are not satisfactory, it is stated, as they require all the officials and half the club members to affix their signatures to the petitions. As other license applicants are not required to have anywhere like this proportion of petitioners, the requirement is objected to by those intersted in the clubs. It is expected that a hearing will be held on the club license bills next Wednesday.

A meting of th law and order committee of the house of representatives will be held next Tuesday afternoon at which time the Rockwell and the Walton local option bills will be taken up. A hot fight is assured. Both the liquor and the local option people are claiming to have 13 out of 25 in the committee. The doubtful man is Representative Reuben Howard of Fayette county who will not commit himself.

Governor Tener announces that some time this month "Billy" Sunday the evangelist will be his guest at dinner at the mansion. He may speak to the legislature also at that time in favor of the club bills and local option.

THREE SUPPOSED WHITE SLAVERS ARE INDICTED

Indictments were returned by the grand jury at Washington Friday against Bennie Vito, a barber of that place, Louis Orlando and Frank Anania. Vito is charged with pandering. He is missing. Orlando and Anania are simply charged with conducting houses of ill repute. All are believed to have been connected with the white slave traffic.

Palace Has Mysteries of Paris.

Eugene Sue's great masterpiece, "The Mysteries of Paris," will be shown at the Palace Theatre Monday night in four reels. The story is a romance of the underworld in Paris in the early days of the nineteenth century, when vice and crime reigned supremen and law andorder had scant observance in the lower walks of life. The contrast of conditions at that time with those of the large cities of today affords a most interesting social study.

January a Warm Month

No Comparison Between Weather of This Year and Last

January of this year was almost a summer month compared to January of last year. The average temperature was 35 degrees for the month with the coldest day only 16. The average temperature of January in 1912 was 14, with the coldest day 16 degrees below zero. This year the hottest day was January 17, when the mercury stood at 56. In 1912 the high point was 42 degrees on January 18. December of 1912 had an average temperature of 30 degres. In 1911 the average was 34 1-2 degrees. Figures are furnished by R. A. Roberts of the government office force at the government yards at North Charleroi.

JUVENILE WORK IS REPORTED

County Committee Reviews Work of Year

OFFICER GIVES FACTS

The annual meeting of the Juvenile Court committee or Washington county was held Friday afternoon in the public meeting room of the court house. Reports of the work from various localities were made and in addition Miss Elizabeth Christman, the probation officer, and Miss Alice Lambie, her assistant, told of the work that thecourt has been doing in the paset year.

At noon the officers and local committee of the Juvenile Court and visiting ladies took dinner at the Y. W. C. A. There were four out-of-town ladies at the luncheon. They were Mrs. E. C. Niver and Mrs. A. W. Day, of Charleroi; Mrs. S. J. Giles and Miss Gail Axtell of Claysville.

The officers of the association are Mrs. J. A. McIlvaine, president; Miss Elizabeth Stockdale, secretary; Miss Ella Winters, treasurer. Other members of the committee are: Mrs. J. F. Taylor, Mrs. Owen C. Underwood, Mrs. James P. Braden, Mrs. Edwin Linton and Mrs. John W. Hallam.

The most important report and the most interesting to be presented at this annual meeting, is that of the probation officer, Miss Elizabeth Christman. This report was as follows:

Before the Juvenile court last year were 104 children, 74 boys and 30 girls. The cases of 47 children were settled out of court. The children were from 27 different points in the county—Washington, Monongahela, Besco, Donora, Houston, Claysville, Marianna, Charleroi, Lock No. 4, Canonsburg, Houston's Run, Cherry Valley, McDonald, Riverview, Oak Grove Speers Midland, Eighty-Four, Avella, Midway, Hazelkirk, Meadowlands, Canton township, California, Bentleyville, Venetia and McConnell's Mill. Eighteen were brought before the court as neglected children, 24 incorrigible, 15 dependent and 47 delinquent. Twenty-one were under 10 years of age;47 between 10 and 14 years and 36 between 14 and 16.

The number of children under the care of the court February 1, 1912, were 355. Released during the year, by marriage four; on becoming of age, four. Number under care of court February 1, 1913, 430.

SIGNIFICANCE IN WORK ON ICE PLANT

Valley Crystal Ice and Storage Company Making Preparations to Handle Rapidly Growing Trade

Work is now being gotten under way on the construction of a substantial addition to the ice plant at the Valley Crystal Ice and Storage company at North Charleroi. Within a little more than two months, providing everything goes right the entire plant will be manufacturing and putting on the market ice at the rate of 70 ton a day, enough to fully supply the entire region that the Valley Crystal Ice and Storage company covers.

The present output of the ice plant is 45 tons a day. The new plant will have a capacity of 70 tons a day.

Approximately $20,000 will be expended in the new improvements. The contract for the installation of the ice plant was awarded some time ago to the York Manufacturing company at York, through the Greenwood Construction company of Pittsbuhg. Not only ice making machinery is to be installed but also large new boilers and engines.

The addition will be about 136 feet long. Running the greater length will be the new ice freezing tanks. There will b 304 cans of these. The western end of the building will open into a storage room, where ice will be kept. On the river side of the structure the new boilers and engines will be installed.

Engines to be installed will be 100 horse power capacity and the boilers 150 horse power.

At the present time the Valley Crystal Ice and Storage company is oneof the biggest shippers and ice dealing concerns in the Monongahela valley. The ice trade that the company holds extends to Monongahela, Monessen and even farther north along the Monongahela river, out the Marianna branch, and on the south it reaches to Millsboro and Fredericktown. Practically all the local trade is supplied. The increase in the ice manufacturing department was planned with the idea of keeping up with natural progress and to be amply prepared for all future and increased demands.

NORTH CHARLEROI WILL DO PAVING

Ordinance for Fourth Street Passes Final Reading---Bids to Be Advertised For In Short Time

An odinance for the grading and paving of Fourth street from the school building to Conrad avenue in North Charleroi was passed through third and final reading Friday night at a special meeting. Another session of council will be held on Monday, when the matter of advertising bor bids on the work will betaken up.

It is proposed to haveFourth street paving finished das soon as possible. The extent to be paved is about three blocks in length and is along what seems to be the principal residence street of North Charleroi. Many beautiful homes front along that portion of Fourth street and others are in course of erection.

A contract was let to the Fabric Fire Hose company for 300 feet of fire hose. At the rate of $1 a foot, this will represent an expenditure of $300.

DEMONSTRATION OF FIRST AID WORK IS GIVEN

A demonstration in the interests of the safety work of the Bell Telephone company was given in the Bank of Charleroi hall Friday evening by Dr. Matthew J. Shields, a surgeon of the American Red Cross society. Dr. Shields gave a lecture of practical ways in which linesmen and others can render first aid in case of electrical shock. He gave practical remonstrations during the course of his lecture showing how to make a stretcher with two coats and two bars. He told who to do in case a man got caught by electricity while at work on a pole, and in fact related the various methods of extending help in all emergency cases. His lecture was heard by 150 men composing linesmen and telephone and electricians from the territory between Monongahela and Brownsville.

WELL KNOWN FALLOWFIELD WOMAN DIES

Mrs. Mary Carson aged 79 years the widow of John B. Carson, died Friday morning at 2 o'clock at the home of her son, John W. Carson, in Fallowfield township. The funeral will be held at 2 o'clock Sunday afternoon, with services conducted by Rev. C. P. Bastian, pastor of Christ Lutheran church of Charleroi. Interment will be in the Maple Creek cemetery.

Mrs. Carson was a well known woman in Washington county. Her maiden name was Scott. She was born near Bentleyville and spent her lifetime near that place. She had been ill for about two years, resulting from a fall.

Two sons survive, John W. Carson of Fallowfield and I. N. Carson of Charleroi.

Sheridan's Ride at the Coyle.

The very atmosphere of '61, the smoke hung battlefields dotted and strewn with dead and dying, the daring ride madly to the scene of battle are shown in "Sheridan's Ride," in three reels at the Coyle Theatre Monday. This is one of the most realistic civil war pictures ever presented, and "Little Phil" Sheridan is shown in his most remarkable victory To the audience is imparted in full the living significance of the terrible fray.

The poet who spoke about life being earnest and real has been informed with due ceremony that life also has its illusions.

GIRL OF 16 SUPPORT OF FAMILY OF FOUR

Distressing Condition Shown by Recent Revelations

FATHER IN BAD HEALTH

Salvation Army Investigation Brings Out Facts--Attention Demanded

As a result of the slight controversy between the representative of the Salvation Army and the local Associated Board of Charities a condition has been revealed in Charleroi which demands immediate action, and one that calls for the exercise of higher authority than aid by the local board. This is a case where a family composed of a father and three daughters are living in a small shack probably 16 feet square which contains only one bed. The oldes daughter is 16 years old, the second one 13 and the youngest 9. The girls acknowledged that all four sleep in the one bed.

This condition was brought to light by W. G. Bailey, a representative of the Salvation Army, who came here to solicit funds for the Army, and whose efforts to relieve the needy brought him in conflict with the local board of charities. This misunderstanding has it is believed, been amicably adjusted, but the sad condition of the family mentioned exists, and calls for immediate action.

The family is a foreign family but the children are all American born, it is stated, and have all gone to the public schools here. The mother died between four and five years ago, and since then the father and the three daughters have lived on together. The father claims to be an invalid. Their sole support was the earnings of the oldest daughter, who went to work in one of the local families at the age of 14, and is still working. When steadily employed she earns $4 a week, but her work , she states, is somewhat irregular, and her earnings decrease accordingly. Last week she stated her pay was $3.50. The father claims to be so crippled with rheumatism that he has not worked any during the past two years

The second daughter, who will be 14 next April, goes to school. She stated she has had no underwear this winter and has gone to school in that condition. She is smart and bright and is looking forward to the time when she can go to work. She is small and undersized, as is also the oldest girl, who is thin and anaemic looking, hollow cheeked and hollow chested, and scantily clad. According to her statement she had two suits of underclothing, but her outer clothing is thin and scant, and not at all suited for this weather. She stated that sometimes she went to work without anything to eat in the morning. She also said she gave her wages to her father.

The place they live in is small one roomed shack on the back of a lot and is owned by a foreign woman, who presumably rents the domicile to the family. The owner stated that they had paid no rent for two years, but that she felt sorry for them and permitted them to stay, as they had no place to go. The room is entirely too

Ice Stops Ferry Work

River Crossing Facilities at Speers Hampered By Cold Weather

For the first time this winter the river was frozen this morning to such an extent that it interferred with ferry traffic. At Speers the ferry was entirely stopped by reason of ice. Last year the river was filled with ice early in the winter season and navigation was suspended a good part of January and February because of it. The only thing to interfere with the regular handling of river trade thus far has been high water.

TO PRINT AND POST ORDINANCE

Westside Railways Bill Passes First Reading In Council

FOR LINE EXTENSION

An ordinance granting rights of way to the Westside Electric Street Railway company on an extension of their Fallowfield avenue line towards Bentleyville passed first reading at aregularly adjourned meeting of the borough council Friday evening. The ordinance was ordered printed and postd.

The rights of way asked in the borough are for a comparatively short distance. The proposed road is to lead from its present terminus at First street through private property to a publicroadleading to Speers borough. Then the route is to pass over private property to and across a public road leading to the borough of Twilight and thence over the private property to the western borough line of Charleroi.

The general course of Lincoln avenue extension will be followed according to the present plans, t hough the new line will bec onsiderably to the left of this street.

One of the conditions imposed by the company itself that indicates it means business is that the rights acquired by the charter will be forfeited unless cars are being operated within two years from the date of the passage of the ordinance.

THE HOUSING PROBLEM

The deplorable living conditions of a family in Charleroi, which has been brought to light, is but a minor incident of one of the great social problems of the day, which is perplexing society, particularly in the industrial sections of the country. This is the housing problem, which in the face of advancing prices in everything, from real estate to the cost of living, is becoming more serious each year.

Farming, weaving and building were primitive industries in the earliest dawn of history, yet these mechanical arts, so essential to the welfare of humanity, have never yet even approached the fulfillment of their possibilities. With all the tilling of the soil, the development of agricultural machinery and the untilled acres, agriculture even in the United States is still wasteful, unscientific and unproductive. Millions of people throughout the world are in a semi-starving condition, and agricultural products in this country are scarce and expensive. With the great development in weaving and the making of costly and expensive fabrics, millions of people are insufficiently clad, and millions more still wear the loin cloth. With all the splendid achievements in building and architecture, hundreds of thousands of people live wretchedly and exist in crowded festering tenements unfit for beasts in our highly civilized centers. In Charleroi are people living not one step in advance of our primordial progenitor, the cave man.

The housing problem is one that must be solved before there can be any general uplift of the submerged millions. People cannot be even Christianized until they live decently. With the solution of the housing problem the White Slave traffic will be an easy problem, and all the other great social evils will solve themselves. The law of cause and effect is inexorable, and wretched and debased living conditions are the root of the most of the evils of society.

ON THE SQUARE.

The introduction of a bill in the legislature to compel advertisers to tell the truth is one of the many attempts to eliminate the atmosphere of deception and sham in which we live. Every day it is becoming more apparent that the best asset in character or business is to be on the level. Hence we have laws to compel manufacturers to tell the truth about what they have to sell. There are laws to compel the labeling of correct weights in food containers; pure food laws, pure shoe laws, and it is proposed to have pure clothing laws. Now, if the proposed bill passes the legislature, merchants who have closing out and below cost sales, must produce vouchers to tell the why and wherefore that prompts them to lose money. If they try to deceive the public, fine or imprisonment awaits them.

We live in such an atmosphere of deception that in business and commercial affairs truth is almost an unknow quantity. Truth compelling legislation first started with food products, were unwholesome and poisonous substances were regularly mixed with food and represented to be pure. Next to compel truth have been always governing corporations. which made millions by selling water that was not even aereated. Now we are to get down to the retailer, who was wont to sell shoddy for wool, and to tell us the price was below cost. Truth is mighty and must prevail, even if we have to compel it by legislation.

PICKED UP IN PASSING

Judge Charles V. Keeler of Winamac, Ind., chicken fancier of wide celebrity and noted jurist had an experience in Washington county this week which puts the crimp into anything he has gone through before. According to the Pittsburg Dispatch he reached Canonsburg last Monday to take in the chicken show being pulled off there. Soon he made the acquaintance of W. A. Hallam, who has a fine farm a few miles out in the country, and accepted Hallam's invitation to visit him.

While being shown over the farm, Judge Keeler stopped to admire some monster porkers. As he leaned over th side of the pen to get a close look at an especially fine specimen his $200 gold watch slipped from his vest pocket and fell into the hog trough. It was instantly swallowed by the finest porcine gormandizer of the lot.

"Holy hump-backed mackerel!" exclaimed the judge. "That pig has swallowed my watch. What'll I do?"

"D'n know," returned Farmer Hallam, sorry, of course, over the mishap that had befallen his guest. "Tuck 't fer a biled tater, I reckon. Gol darned 'f I know what t' do. That hog's wuth 't least a hundred dollars, 'n I hate like sixty t' kill 'm. Besides, I want t' show 'm at th' county fair next year."

"I'll give you a hundred for the hog," said the judge, "and take the son of a gun home and butcher him. I'll save money by so doing and get back that watch."

The bargain was struck. The farmer took the judge and his purchase to Canonsburg that afternoon. There the pig attracted so much attention and admiration from all who saw it that the judge was persuaded to place the porker on exhibition at the show but he stuck to that pig like a brother. In fact, he never got out of sight of it. It is said the judge even slept all night on a bed of straw near the pen in which his hog was on exhibition. This cannot be vouched for. At least his affection was genuine.

Judge Keeler had the hog crated and shipped by express to Winamac. He went home on the same train Friday with it.

Suggests Grandmother's Remedy.

It's true, the season is here with its sudden changes and the old idea that we need a blood mddicine is not without reason. Too much heavy food has caused a torpid liver, sluggish blood and a weak, tired out feeling.

Sulphur, cram of tartar and molasses was grandmother's remedy but that has long ago been displaced by Vinol, a combination of the two most world famed tonics, namely, the medicinal curative elements of the cods' liver without oil, and iron for the blood.

Vinol builds you up, makes you eat more and digest better ,makes your blood rich and pure—puts healthy color in your cheeks.

P. O. Barker of Bowen's Mill, Ga., says: "When I was badly run down last spring I took Vinol in an effort to regain my health and strength and it did not disappoint me. It made me feel as well as ever."

We guarantee Vinol to satisfy you and refund your money if it does. Piper Bros., Druggists, Charleroi, Pa.

ELECTION OFFICERS RETURN CHECKS AS BEING TOO SMALL

John W. McDowell and Woodward W. Taylor, official tabulators of the November election, returned yesterday the warrants issued them, in the sum of $40 each. for the eight days' work done by them in counting the vote of last fall.

As was stated the bill of $250, turned in for this work was cut $170, the controller and commissioners allowing the two men $40 each or $5 a day for their work. In returning the warrants Messrs McDowell and Taylor state that they do so for the reason that they consider the amounts not adequate compensation for the work that they had done.

It is not known whether they will make any issue of their claim or not. W. E. Welch and John C. Judson, reading clerks, whose bills were cut from $60 to $30 for six days' work, have not yet returned their warrants.

ORDINANCE NO.....

Granting unto WESTSIDE ELECTRIC STREET RAILWAY COMPANY, its lessees, successors and assigns, the right to enter upon, use and occupy certain Streets, Avenues and Roads in the Borough of Charleroi, for the purpose of its railway.

Section, 1.—BE IT ORDAINED AND ENACTED by the Burgess and Town Council of the Borough of Charleroi, and it is hereby ordained and enacted by the authority of the same that the consent of the said Borough is given to the WESTSIDE ELECTRIC STREET RAILWAY COMPANY, a corporation organized and existing under the laws of the State of Pennsylvania; its lessees, successors and assigns to enter upon, use and occupy for the purpose of its railway the Streets, Avenues and Roads of said Borough of Charleroi hereinafter mentioned, and to construct, maintain and use for the term mentioned in its charter a single or double track street railway thereon, and the right to use electricity and other motive power than animal or steam on the whole or any portion of its line, and also to erect, maintain and use on said Streets, Avenues and Roads overhead or other electric system for the supply of motive power, and to erect thereon such poles and other supports as said company may deem necessary for the support of such overhead system and to complete the electric circuit by suitably connecting the rails of the road at their ends, or connecting the rails by supplementary ground wires.

Section. 2.—The Streets, Avenues and Roads to be traversed are to be as follows: BEGINNING, at the intersection of First Street and Fallowfield Avenue; thence through private property to and across a Public Road leading to Speers Borough; thence over private property to and across a Public Road leading to the Borough of Twilight; thence over private property to the Western Borough line of Charleroi.

Said WESTSIDE ELECTRIC STREET RAILWAY COMPANY shall forfeit all rights granted by this ordinance, unless it shall have cars running thereon within two (2) years from this date.

Section, 4.—The consent of the Borough of Charleroi granted in the preceding section is upon the following conditions, to-wit: FIRST, that the WESTSIDE ELECTRIC STREET RAILWAY COMPANY, its lessees, successors and assigns shall construct its railway at the grade adopted by the borough for the Streets upon which the said railway is to be constructed and operated, and shall repair and maintain in as good condition as the contiguous portions of said street or streets, and with a like material, all streets or parts of streets occupied by said company at crossings or otherwise under this ordinance. SECOND; The said Company shall within (30) days after the passage of this ordinance file with the Clerk of the Borough its written certificate of acceptance of all the conditions and provisions of this ordinance, under the corporate seal duly attested by its President and Secretary, together with a certified copy of the resolution of its Board of Directors authorizing the execution and delivery of said certificate, and in case of default or failure so to do, said company shall acquire no right whatever under this ordinance, and this ordinance shall be null and void. THIRD, That all expenses incident to the enactment of this ordinance shall be paid by the WESTSIDE ELECTRIC STREET RAILWAY COMPANY. FOURTH, That all ordinances or parts of ordinances in conflict with this ordinance, be and that the same are hereby repealed.

GIRL OF 16 SUPPORT OF FAMILY OF FOUR

(Continued from page one.)

small for four people to live in, to say nothing of the impossible sleeping conditions. It is scantily furnished, and contains besides the one bed in the corner a small coal cook stove and a few pieces of furniture of the most primitive sort. Needless to say the sanitary conditions are not what they should be.

W. G. Bailey, the Salvation Army solicitor, took the girls some underclothing last evening, and yesterday they were given some outer clothing at the police station from the stock on hand by the local board of charities. Attention has been called to the conditions under which the family live, and a movement will be put on foot to better them. The family has had some help in the past from the Associated Board of Charities, but this could only afford temporary relief. The father this week went to work in one of the local factories for the first time in the past two years. He does not know what his pay is yet, but it is believed that with his and the girl's earnings a better place to live in can be secured.

IT'S A MISTAKE

Made By Many Charleroi Residents

Many people in a misguided effort to get rid of kidney backache, rely on plasters, liniments and other makeshifts. The right treatment is kidney treatment and a remarkably recommended kidney medicine is Doan's Kidney Pills. Charleroi is no exception.

The proof is at your very door. The following is an experience typical of the work of Doan's Kidney Pills in Charleroi.

Mrs. Robert Coulter, 207 Prospect Ave., Charleroi, Pa., says: "Some years ago my son had the measles and on recovering, I noticed that his kidneys were very weak. He had no control over the kidney secretions and this was especially annoying at night. I had often seen Doan's Kidney Pills highly advertised in the local papers and was finally induced to get a supply at Piper Bros.' Drug Store. I had my son use them and before long he was greatly benefitted."

For sale by all dealers. Price 50 cents Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

FORMER TEACHER HERE DIES AT SAN DIEGO, CAL.

Word was received this morning by Prof. Daniel Gayman, principal of the Dunlevy school in Allen township of the death of his daughter, Miss Ida Gayman, aged 31, in San Diego, Cal., where she has been since October 1911 with her aunt, Miss Lucy Letherman, of California. Though the message does not say it is supposed that Miss Gayman died Friday. Miss Gayman resigned her position held for about four years in the Charleroi schools during the 1909-1911 term because of illness. Within a few months she and her aunt left for California. They returned to Pennsylvania and later went back to California. Miss Gayman was regarded as one of the most efficient instructors in the schools when she taught here.

Prof. Gayman is the only close relative surviving though Miss Gayman has a number of aunts and uncles The body will be brought to Washington and later taken most likely to her former home in the southwestern part of the county for interment.

OVER THE COUNTY

Amity Grange Grows.

At a called meeting of the Amity Grange No. 1540, on Tuesday evening eleven members were given the third and fourth degree. This brings the membrship of this newly organized grange up to 71. This meeting as has been all previous meetings was well attended. The hall was decorated. At the close of the degree work a bounteous feast was participated in by all. Several applications for membership are now pending.

School Girls Can Cook.

The little girls who are taking the Domestic Science course at the Ellsworth public school entertained the teachers at dinner on Thursday evening of last week. And the remarkable thing about the dinner was that the little girls prepared the meal themselves and served it. Miss Margaret Mooney, head of the Domestic Science department and in fact, everybody interested in the young ladies are immensely proud of the progress the latter have make in the few short months which they have spent on the course. Prof. E. E. Bach and Mrs. Wesley Beck were also invited, the latter presiding as hostess. The little girls are from the seventh and eigth grades and their ages range from ten to fifteen years. After dinner a short musical program was rendered and the rest of the evening was spent in games and dancing in which the teachers joined. Following is the menu:

Fruit Cup
Veal Loaf Mashed Potatoes
Creamed Peas
Combination Salad
Cottage Pudding, Lemon Sause
Coffee.

High School Buys Equipment.

The Beallsville High school has received an extra fine miscrope barometer and a number of other instruments, to aid in the studies of the High school. The new instruments make the laboratory apparatus much more complete and with them a clearer examination of various studies can be made.

Industry for Colored Boys.

Within a short time the plant of the Aluminum Specialty company in East End in Canonsburg will become the property of the J. C. Coleman Boys' Industrial School, of Pittsburg, which is maintained for the training of colored boys. The buildings will be repaired and part of the time will be spent by the young men in the plant and the rest of the day in school. Among those interested in the project are Attorney W. N. Butler, Isaac Asbury, Mr. Mosebay, of Washington. The Coleman school is an established institution in Pittsburg and boys will be brought to Canonsburg from other towns. The plant manufacturered toys, washboards and various other things in aluminum. It is understood that the price of the property is to be $50,000.

Boy May Loose Eye.

Rodney, 5-year-old son of Mr. and Mrs. Jesse H.Beall, of near Beallsville met with an accident Friday evening, which will probably result in th loss of his right eye. He was playing with a pocket knife, which slipped, the blade running into his right eye, through the pupil. Mr. Beall took the injured lad to the Eye and Ear hospital, Pittsburg, Saturday for treatment. The physicians there hold some hope for the recovery of sight to the to the injured member.

Looks Like Noah's Ark.

Somewhat resembling old prints of Noah's ark after it put into port on Arrarat, the big evangelistic Union Tabernacle at Canonsburg at the head of Belmont avenue is closed in. There's yet a lot of work to be done on the structure; the sheeting for the roof is to be covered with some sort of felt material, the seats are to be put in, stoves set up, the sawdust trail laid and various other things done; but the heavy work is finished. The meetings commence Sunday, February 23 in charge of Evangelistic Lyons and a corps of helpers.

FIREMEN SUPPOSED TO HAVE VOTED IN FAVOR OF STRIKE

The committee of managers of the that their firemen had agreed almost unanimously to strike. A statement signed by Chairman Elisha Lee for the committee says:

"Advices received by the eastern railroads indicate that the 30,000 firemen almost to a man have voted 'yes' on the proposition to strike and tie up over 52,000 miles of railroads rather than accept the offer of the companies to arbitrate.

Practically every railroad east of Chicago to the north is affected by the strike vote. Among these lines will be the Pennsylvania Railroad system. It will include the Monongahela Division and the Pittsburg and Lake Erie.

The matter of a strike is more serious than the people generally realize. In the event of a railroad strike of the kind proposed by the firemen traffic will be practically at a standstill in the east.

However, it is possible that some arbitrary measures acceptable to both the railroad committee and the firemen will be adopted, as both seem willing to arbitrate, though under far different conditions. It seems to be a matter for compromise at present in the methods of arbitration.

Mrs. Thomas Mangan has returned from Washington where she attended the funeral of Mrs. Margaret Curran and daughter.

GOV. TENER TO HAVE A CLUB BILL DRAFTED

Chief Executive to Seek Legislation on Subject

OPTION FIGHT COMING

Bill to Be Taken Up Next Week--Billy Sunday to Visit Governor

Harrisburg, Feb. 8—It is announced that Governor Tener will have a bill drawn up requiring the application for a club license by the various clubs that dispense liquor. The bills introduced by the Judson and Scott in the senate and house respectively are not satisfactory, it is stated, as they require all the officials and half the club members to affix their signatures to the petitions. As other license applicants are not required to have anywhere like this proportion of petitioners, the requirement is objected to by those intersted in the clubs. It is expected that a hearing will be held on the club license bills next Wednesday.

A meting of th law and order committee of the house of representatives will be held next Tuesday afternoon at which time the Rockwell and the Walton local option bills will be taken up. A hot fight is assured. Both the liquor and the local option people are claiming to have 13 out of 25 in the committee. The doubtful man is Representative Reuben Howard of Fayette county who will not commit himself.

Governor Tener announces that some time this month "Billy" Sunday the evangelist will be his guest at dinner at the mansion. He may speak to the legislature also at that time in favor of the club bills and local option.

THREE SUPPOSED WHITE SLAVERS ARE INDICTED

Indictments were returned by the grand jury at Washington Friday against Bennie Vito, a barber of that place, Louis Orlando and Frank Anania. Vito is charged with pandering. He is missing. Orlando and Anania are simply charged with conducting houses of ill repute. All are believed to have been connected with the white slave traffic.

Palace Has Mysteries of Paris.

Eugene Sue's great masterpiece, "The Mysteries of Paris," will be shown at the Palace Theatre Monday night in four reels. The story is a romance of the underworld in Paris in the early days of the nineteenth century, when vice and crime reigned supremen and law and order had scant observance in the lower walks of life. The contrast of conditions at that time with those of the large cities of today affords a most interesting social study.

January a Warm Month

No Comparison Between Weather of This Year and Last

January of this year was almost a summer month compared to January of last year. The average temperature was 35 degrees for the month with the coldest day only 16. The average temperature of January in 1912 was 14, with the coldest day 16 degrees below zero. This year the hottest day was January 17, when the mercury stood at 56. In 1912 the high point was 42 degrees on January 18. December of 1912 had an average temperature of 30 degres. In 1911 the average was 34 1-2 degrees. Figures are furnished by R. A. Roberts of the government office force at the government yards at North Charleroi.

JUVENILE WORK IS REPORTED

County Committee Reviews Work of Year

OFFICER GIVES FACTS

The annual meeting of the Juvenile Court committee or Washington county was held Friday afternoon in the public meeting room of the court house. Reports of the work from various localities were made and in addition Miss Elizabeth Christman, the probation officer, and Miss Alice Lambie, her assistant, told of the work that thecourt has been doing in the paset year.

At noon the officers and local committee of the Juvenile Court and visiting ladies took dinner at the Y. W. C. A. There were four out-of-town ladies at the luncheon. They were Mrs. E. C. Niver and Mrs. A. W. Day, of Charleroi; Mrs. S. J. Giles and Miss Gail Axtell of Claysville.

The officers of the association are Mrs. J. A. McIlvaine, president; Miss Elizabeth Stockdale, secretary; Miss Ella Winters, treasurer. Other members of the committee are: Mrs. J. F. Taylor, Mrs. Owen C. Underwood, Mrs. James P. Braden, Mrs. Edwin Linton and Mrs. John W. Hallam.

The most important report and the most interesting to be presented at this annual meeting, is that of the probation officer, Miss Elizabeth Christman. This report was as follows:

Before the Juvenile court last year were 104 children, 74 boys and 30 girls. The cases of 47 children were settled out of court. The children were from 27 different points in the county—Washington, Monongahela, Besco, Donora, Houston, Claysville, Marianna, Charleroi, Lock No. 4, Canonsburg, Houston's Run, Cherry Valley, McDonald, Riverview, Oak Grove Speers Midland, Eighty-Four, Avella, Midway, Hazelkirk, Meadowlands, Canton township, California, Bentleyville, Venetia and McConnell's Mill. Eighteen were brought before the court as neglected children, 24 incorrigible, 15 dependent and 47 delinquent. Twenty-one were under 10 years of age; 47 between 10 and 14 years and 36 between 14 and 16.

The number of children under the care of the court February 1, 1912, were 355. Released during the year, by marriage four; on becoming of age, four. Number under care of court February 1, 1913, 430.

SIGNIFICANCE IN WORK ON ICE PLANT

Valley Crystal Ice and Storage Company Making Preparations to Handle Rapidly Growing Trade

Work is now being gotten under way on the construction of a substantial addition to the ice plant at the Valley Crystal Ice and Storage company at North Charleroi. Within a little more than two months, providing everything goes right the entire plant will be manufacturing and putting on the market ice at the rate of 70 ton a day, enough to fully supply the entire region that the Valley Crystal Ice and Storage company covers.

The present output of the ice plant is 45 tons a day. The new plant will have a capacity of 70 tons a day.

Approximately $20,000 will be expended in the new improvements. The contract for the installation of the ice plant was awarded some time ago to the York Manufacturing company at York, through the Greenwood Construction company of Pittsburg. Not only ice making machinery is to be installed but also large new boilers and engines.

The addition will be about 136 feet long. Running the greater length will be the new ice freezing tanks. There will b 304 cans of these. The western end of the building will open into a storage room, where ice will be kept. On the river side of the structure the new boilers and engines will be installed.

Engines to be installed will be 100 horse power capacity and the boilers 150 horse power.

At the present time the Valley Crystal Ice and Storage company is oneof the biggest shippers and ice dealing concerns in the Monongahela valley. The ice trade that the company holds extends to Monongahela, Monessen and even farther north along the Monongahela river, out the Marianna branch, and on the south it reaches to Millsboro and Fredericktown. Practically all the local trade is supplied. The increase in the ice manufacturing department was planned with the idea of keeping up with natural progress and to be amply prepared for all future and increased demands.

NORTH CHARLEROI WILL DO PAVING

Ordinance for Fourth Street Passes Final Reading---Bids to Be Advertised For In Short Time

An odinance for the grading and paving of Fourth street from the school building to Conrad avenue in North Charleroi was passed through third and final reading Friday night at a special meeting. Another session of council will be held on Monday, when the matter of advertising bor bids on the work will betaken up.

It is proposed to have Fourth street paving finished das soon as possible. The extent to be paved is about three blocks in length and is along what seems to be the principal residence street of North Charleroi. Many beautiful homes front along that portion of Fourth street and others are in course of erection.

A contract was let to the Fabric Fire Hose company for 300 feet of fire hose. At the rate of $1 a foot, this will represent an expenditure of $300.

DEMONSTRATION OF FIRST AID WORK IS GIVEN

A demonstration in the interests of the safety work of the Bell Telephone company was given in the Bank of Charleroi hall Friday evening by Dr. Matthew J. Shields, a surgeon of the American Red Cross society. Dr. Shields gave a lecture of practical ways in which linesmen and others can render first aid in case of electrical shock. He gave practical remonstrations during the course of his lecture showing how to make a stretcher with two coats and two bars. He told who to do in case a man got caught by electricity while at work on a pole, and in fact related the various methods of extending help in all emergency cases. His lecture was heard by 150 men composing linesmen and telephone and electricians from the territory between Monongahela and Brownsville.

WELL KNOWN FALLOWFIELD WOMAN DIES

Mrs. Mary Carson aged 79 years the widow of John B. Carson, died Friday morning at 2 o'clock at the home of her son, John W. Carson, in Fallowfield township. The funeral will be held at 2 o'clock Sunday afternoon, with services conducted by Rev. C. P. Bastian, pastor of Christ Lutheran church of Charleroi. Interment will be in the Maple Creek cemetery.

Mrs. Carson was a well known woman in Washington county. Her maiden name was Scott. She was born near Bentleyville and spent her lifetime near that place. She had been ill for about two years, resulting from a fall.

Two sons survive, John W. Carson of Fallowfield and I. N. Carson of Charleroi.

Sheridan's Ride at the Coyle.

The very atmosphere of '61, the smoke hung battlefields dotted and strewn with dead and dying, the daring ride madly to the scene of battle are shown in "Sheridan's Ride," in three reels at the Coyle Theatre Monday. This is one of the most realistic civil war pictures ever presented, and "Little Phil" Sheridan is shown in his most remarkable victory To the audience is imparted in full the living significance of the terrible fray.

The poet who spoke about life being earnest and real has been informed with due ceremony that life also has its illusions.

GIRL OF 16 SUPPORT OF FAMILY OF FOUR

Distressing Condition Shown by Recent Revelations

FATHER IN BAD HEALTH

Salvation Army Investigation Brings Out Facts--Attention Demanded

As a result of the slight controversy between the representative of the Salvation Army and the local Associated Board of Charities a condition has been revealed in Charleroi which demands immediate action, and one that calls for the exercise of higher authority than aid by the local board. This is a case where a family composed of a father and three daughters are living in a small shack probably 16 feet square which contains only one bed. The oldes daughter is 16 years old, the second one 13 and the youngest 9. The girls acknowledged that all four sleep in the one bed.

This condition was brought to light by W. G. Bailey, a representative of the Salvation Army, who came here to solicit funds for the Army, and whose efforts to relieve the needy brought him in conflict with the local board of charities. This misunderstanding has it is believed, been amicably adjusted, but the sad condition of the family mentioned exists, and calls for immediate action.

The family is a foreign family but the children are all American born, it is stated, and have all gone to the public schools here. The mother died between four and five years ago, and since then the father and the three daughters have lived on together. The father claims to be an invalid. Their sole support was the earnings of the oldest daughter, who went to work in one of the local families at the age of 14, and is still working. When steadily employed she earns $4 a week, but her work, she states, is somewhat irregular, and her earnings decrease accordingly. Last week she stated her pay was $3.50. The father claims to be so crippled with rheumatism that he has not worked any during the past two years.

The second daughter, who will be 14 next April, goes to school. She stated she has had no underwear this winter and has gone to school in that condition. She is smart and bright and is looking forward to the time when she can go to work. She is small and undersized, as is also the oldest girl, who is thin and anaemic looking, hollow cheeked and hollow chested, and scantily clad. According to her statement she had two suits of underclothing, but her outer clothing is thin and scant, and not at all suited for this weather. She stated that sometimes she went to work without anything to eat in the morning. She also said she gave her wages to her father.

The place they live in is small one roomed shack on the back of a lot and is owned by a foreign woman, who presumably rents the domicile to the family. The owner stated that they had paid no rent for two years, but that she felt sorry for them and permitted them to stay, as they had no place to go. The room is entirely too

Ice Stops Ferry Work

River Crossing Facilities at Speers Hampered By Cold Weather

For the first time this winter the river was frozen this morning to such an extent that it interferred with ferry traffic. At Speers the ferry was entirely stopped by reason of ice. Last year the river was filled with ice early in the winter season and navigation was suspended a good part of January and February because of it. The only thing to interfere with the regular handling of river trade thus far has been high water.

Westside Railways Bill Passes First Reading In Council

FOR LINE EXTENSION

An ordinance granting rights of way to the Westside Electric Street Railway company on an extension of their Fallowfield avenue line towards Bentleyville passed first reading at aregularly adjourned meeting of the borough council Friday evening. The ordinance was ordered printed and postd.

The rights of way asked in the borough are for a comparatively short distance. The proposed road is to lead from its present terminus at First street through private property to a public road leading to Speers borough. Then the route is to pass over private property to and across a public road leading to the borough of Twilight and thence over the private property to the western borough line of Charleroi.

The general course of Lincoln avenue extension will be followed according to the present plans, though the new line will bec onsiderably to the left of this street.

One of the conditions imposed by the company itself that indicates it means business is that the rights acquired by the charter will be forfeited unless cars are being operated within two years from the date of the passage of the ordinance.

THE HOUSING PROBLEM

The deplorable living conditions of a family in Charleroi, which has been brought to light, is but a minor incident of one of the great social problems of the day, which is perplexing society, particularly in the industrial sections of the country. This is the housing problem, which in the face of advancing prices in everything. from real estate to the cost of living, is becoming more serious each year.

Farming, weaving and building were primitive industries in the earliest dawn of history, yet these mechanical arts, so essential to the welfare of humanity, have never yet even approached the fulfillment of their possibilities. With all the tilling of the soil, the development of agricultural machinery and the untilled acres, agriculture even in the United States is still wasteful, unscientific and unproductive. Millions of people throughout the world are in a semi-starving condition, and agricultural products in this country are scarce and expensive. With the great development in weaving and the making of costly and expensive fabrics, millions of people are insufficiently clad, and millions more still wear the loin cloth. With all the splendid achievements in building and architecture, hundreds of thousands of people live wretchedly and exist in crowded festering tenements unfit for beasts in our highly civilized centers. In Charleroi are people living not one step in advance of our primordial progenitor, the cave man.

The housing problem is one that must be solved before there can be any general uplift of the submerged millions. People cannot be even Christianized until they live decently. With the solution of the housing problem the White Slave traffic will be an easy problem, and all the other great social evils will solve themselves. The law of cause and [illegible] and wretched and debased living conditions are the root of the most of the evils of society.

ON THE SQUARE.

The introduction of a bill in the legislature to compel advertisers to tell the truth is one of the many attempts to eliminate the atmosphere of deception and sham in which we

apparent that the best asset in character or business is to be on the level. Hence we have laws to compel manufacturers to tell the truth about what they have to sell. There are laws to compel the labeling of correct weights in food containers; pure food laws, pure shoe laws, and it is proposed to have pure clothing laws. Now, if the proposed bill passes the legislature, merchants who have closing out and below cost sales, must produce vouchers to tell the why and wherefore that prompts them to lose money. If they try to deceive the public, fine or imprisonment awaits them.

We live in such an atmosphere of deception that in business and commercial affairs truth is almost an unknow quantity. Truth compelling legislation first started with food products, were unwholesome and poisonous substances were regularly mixed with food and represented to be pure. Next to compel truth have been always governing corporations. which made millions by selling water that was not even aereated. Now we are to get down to the retailer, who was wont to sell shoddy for wool, and to tell us the price was below cost. Truth is mighty and must prevail, even if we have to compel it by legislation.

PICKED UP IN PASSING

Judge Charles V. Keeler of Winamac, Ind., chicken fancier of wide celebrity and noted jurist had an experience in Washington county this week which puts the crimp into anything he has gone through before. According to the Pittsburg Dispatch he reached Canonsburg last Monday to take in the chicken show being pulled off there. Soon he made the acquaintance of W. A. Hallam, who has a fine farm a few miles out in the country, and accepted Hallam's invitation to visit him.

While being shown over the farm, Judge Keeler stopped to admire some monster porkers. As he leaned over th side of the pen to get a close look at an especially fine specimen his $200 gold watch slipped from his vest pocket and fell into the hog trough. It was instantly swallowed by the finest porcine gormandizer of the lot. "My jumping-jacked mackerel!" exclaimed the judge. "That pig has swallowed my watch. What'll I do?"

"D'n know," returned Farmer Hallam, sorry, of course, over the mishap that had befallen his guest. "Tuck 't fer a biled tater, I reckon. Gol darned 'f I know what t' do. That hog's wuth 't least a hundred dollars, 'n I hate like sixty t' kill 'm. Besides, I want t' show 'm at th' county fair next year."

"I'll give you a hundred for the hog," said the judge, "and take the son of a gun home and butcher him. I'll save money by so doing and get back that watch."

The bargain was struck. The farmer took the judge and his purchase to Canonsburg that afternoon. There the pig attracted so much attention and admiration from all who saw it that the judge was persuaded to place the porker on exhibition at the show but he stuck to that pig like a brother. In fact, he never got out of sight of it. It is said the judge even slept all night on a bed of straw near the pen in which his hog was on exhibition. This cannot be vouched for. At least his affection was genuine.

Judge Keeler had the hog crated and shipped by express to Winamac. He went home on the same train Friday with it.

"Jane doesn't like that."

The other day some baked beans were served. By an ovrsight the little maiden was passed up. Glancing about the table she demurely asked:

"Doesn't Jane like beans?"

Suggests Grandmother's Remedy.

It's true, the season is here with its sudden changes and the old idea that we need a blood mddicine is not without reason. Too much heavy food has caused a torpid liver, sluggish blood and a weak, tired out feeling.

Sulphur, cram of tartar and molasses was grandmother's remedy but that has long ago been displaced by Vinol, a combination of the two most world famed tonics, namely, the medicinal curative elements of the cods' liver without oil, and iron for the blood.

Vinol builds you up, makes you eat more and digest better ,makes your blood rich and pure—puts healthy color in your cheeks.

P. O. Barker of Bowen's Mill, Ga., says: "When I was badly run down last spring I took Vinol in an effort to regain my health and strength and it did not disappoint me. It made me feel as well as ever."

We guarantee Vinol to satisfy you and refund your money if it [illegible] Piper Bros., Druggists, Charleroi, Pa.

ELECTION OFFICERS RETURN CHECKS AS BEING TOO SMALL

John W. McDowell and Woodward W. Taylor, official tabulators of the November election, returned yesterday the warrants issued them, in the sum of $40 each for the eight days' work done by them in counting the vote of last fall.

As was stated the bill of $250, turned in for this work was cut $170, the controller and commissioners allowing the two men $40 each or $5 a day for their work. In returning the warrants Messrs McDowell and Taylor state that they do so for the reason that they consider the amounts not adequate compensation for the work that they had done.

It is not known whether they will make any issue of their claim or not. W. E.Welch and John C. Judson, reading clerks, whose bills were cut from $60 to $30 for six days' work, have not yet returned their warrants

GIRL OF 16 SUPPORT OF FAMILY OF FOUR

(Continued from page one.)

small for four people to live in, to say nothing of the impossible sleeping conditions. It is scantily furnished, and contains besides the one bed in the corner a small coal cook stove and a few pieces of furniture of the most primitive sort. Needless to say the sanitary conditions are not what they should be.

W. G. Bailey, the Salvation Army solicitor, took the girls some underclothing last evening, and yesterday they were given some outer clothing at the police station from the stock on hand by the local board of charities. Attention has been called to the conditions under which the family live, and a movement will be put on foot to better them. The family has had some help in the past from the Associated Board of Charities, but this could only afford temporary relief. The father this week went to work in one of the local factories for the first time in the past two years. He does not know what his pay is yet, but it is believed that with his and the girl's earnings a better place to live in can be secured.

IT'S A MISTAKE

Made By Many Charleroi Residents

Many people in a misguided effort to get rid of kidney backache, rely on plasters, liniments and other makeshifts. The right treatment is kidney treatment and a remarkably recommended kidney medicine is Doan's Kidney Pills. Charleroi is no exception.

The proof is at your very door. The following is an experience typical of the work of Doan's Kidney Pills in Charleroi.

Mrs. Robert Coulter, 207 Prospect Ave, Charleroi, Pa. says: "Some years ago my son had the measles and on recovering, I noticed that his kidneys were very weak. He had no control over the kidney secretions and this was especially annoying at night. I had often seen Doan's Kidney Pills highly advertised in the local papers and was finally induced to get a supply at Piper Bros.' Drug Store. I had my son use them and before long he was greatly benefited."

FORMER TEACHER HERE DIES AT SAN DIEGO, CAL.

Word was received this morning by Prof. Daniel Gayman, principal of the Dunlevy school in Allen township of the death of his daughter, Miss Ida Gayman, aged 31, in San Diego, Cal., where she has been since October 1911 with her aunt, Miss Lucy Letherman, of California. Though the message does not say it is supposed that Miss Gayman died Friday. Miss Gayman resigned her position held for about four years in the Charleroi schools during the 1909-1911 term because of illness. Within a few months she and her aunt left for California. They returned to Pennsylvania and later went back to California. Miss Gayman was regarded as one of the most efficient instructors in the schools when she taught here.

Prof. Gayman is the only close relative surviving though Miss Gayman has a number of aunts and uncles The body will be brought to Washington and later taken most likely to her former home in the southwestern part of the county for interment.

OVER THE COUNTY

Amity Grange Grows.

At a called meeting of the Amity Grange No. 1540, on Tuesday evening eleven members were given the third and fourth degree. This brings the membrship of this newly organized grange up to 71. This meeting as has been all previous meetings was well attended. The hall was decorated. At the close of the degree work a bounteous feast was participated in by all. Several applications for membership are now pending.

School Girls Can Cook.. .. . ...

The little girls who are taking the Domestic Science course at the Ellsworth public school entertained the teachers at dinner on Thursday evening of last week. And the remarkable thing about the dinner was that the little girls prepared the meal themselves and served it. Miss Margaret Mooney, head of the Domestic Science department and in fact, everybody interested in the young ladies are immensely proud of the progress the latter have make in the few short months which they have spent on the course. Prof. E. E. Bach and Mrs. Wesley Beck were also invited, the latter presiding as hostess. The little girls are from the seventh and eigth grades and their ages range from ten to fifteen years. After dinner a short musical program was rendered and the rest of the evening was spent in games and dancing in which the teachers joined. Following is the menu:

Fruit Cup
Veal Loaf Mashed Potatoes
Creamed Peas
Combination Salad
Cottage Pudding, Lemon Sause
Coffee.

High School Buys Equipment.

The Beallsville High school has received an extra fine miscrope barometer and a number of other instruments, to aid in the studies of the High school. The new instruments make the laboratory apparatus much more complete and with them a clearer examination of various studies can be made.

Industry for Colored Boys.

Within a short time the plant of the Aluminum Specialty company in East End in Canonsburg will become the property of the J. C. Coleman Boys' Industrial School, of Pittsburg, which is maintained for the training of colored boys. The buildings will be repaired and part of the time will be spent by the young men in the plant and the rest of the day in school. Among those interested in the project are Attorney W. N. Butler, Isaac Asbury, Mr. Mosebay, of Washington. The Coleman school is an established institution in Pittsburg and boys will be brought to Canonsburg from other towns. The plant manufacturered toys, washboards and various other things in aluminum. It is understood that the price of the property is to be $50,000.

Boy May Loose Eye.

Rodney, 5-year-old son of Mr. and Mrs. Jesse H. Beall, of near Beallsville met with an accident Friday evening, which will probably result in th loss of his right eye. He was playing with a pocket knife, which slipped, the blade running into his right eye, through the pupil. Mr. Beall took the injured lad to the Eye and Ear hospital, Pittsburg, Saturday for treatment. The physicians there hold some hope for the recovery of sight to the injured member.

Looks Like Noah's Ark.

Somewhat resembling old prints of Noah's ark after it put into port on Arrarat, the big evangelistic Union Tabernacle at Canonsburg at the head of Belmont avenue is closed in. There's yet a lot of work to be done on the structure; the sheeting for the roof is to be covered with some sort of felt material, the seats are to be put in, stoves set up, the sawdust trail laid and various other things done; but the heavy work is finished. The meetings commence Sunday, February 23 in charge of Evangelistic Lyons and a corps of helpers.

FIREMEN SUPPOSED TO HAVE VOTED IN FAVOR OF STRIKE

The committee of managers of the that their firemen had agreed almost unanimously to strike. A statement signed by Chairman Elisha Lee for the committee says:

"Advices received by the eastern railroads indicate that the 30,000 firemen almost to a man have voted 'yes' on the proposition to strike and tie up over 52,000 miles of railroads rather than accept the offer of the companies to arbitrate.

Practically every railroad east of Chicago to the north is affected by the strike vote. Among these lines will be the Pennsylvania Railroad system. It will include the Monongahela Division and the Pittsburg and Lake Erie.

The matter of a strike is more serious than the people generally realize. In the event of a railroad strike of the kind proposed by the firemen traffic will be practically at a standstill in the east.

However, it is possible that some arbitrary measures acceptable to both the railroad committee and the firemen will be adopted, as both seem willing to arbitrate, though under far different conditions. It seems to be a matter for compromise at present in the methods of arbitration.

Mrs. Thomas Mangan has returned from Washington where she attended the funeral of Mrs. Margaret Curran and daughter.
